

Muhammad Awais

PRODUCT DESIGNER (UI/UX)

uxwithawais@gmail.com | +92 3023323862 | uxwithawais | Portfolio | Linkdin Profile

UX/UI & Product Designer with 4+ years experience designing web platforms, SaaS dashboards, and mobile apps from concept to launch. I combine product thinking and UX strategy with AI Augmented workflows (Claude, ChatGPT, Stitch) to accelerate research, ideation, prototyping, and content design. Expert at building scalable design systems, making data-informed design decisions, and partnering closely with engineering, product, and business teams to ship user-centered products that drive measurable outcomes.
